

Business Overview

INDUSRIDGE GLOBAL is an India-based export business focused on the sourcing and export of high-quality Indian spices and agricultural products to international importers, distributors, wholesalers, food processors, and trading companies. The business operates on leveraging supplier networks, quality control processes, logistics partners and export service providers.

Products Proposed for Export

- Turmeric fingers
- Cumin seeds
- Coriander seeds
- Whole Black Pepper
- Other Indian spices and agricultural commodities

Target Export Markets

United Arab Emirates (UAE), Saudi Arabia, Oman, Qatar, Vietnam, Bhutan, Sri Lanka, Bangladesh, Thailand, Indonesia, Malaysia, European Union, and other international markets based on demand.

Business Model

- Procure products from approved suppliers
- Coordinate quality inspections and documentation
- Provide end-to end tracing via QR codes, for each batch
- Focus on GI tagged spices from India
- Arrange export logistics and customs clearance
- Receive export proceeds through authorized banking channels
- Comply with GST, DGFT, RBI, FEMA and other applicable regulations

Why Partner with INDUSRIDGE GLOBAL

- Focus on bulk spice exports to international importers and distributors
- Professional compliance-first approach
- Transparent documentation and traceable payment channels
- Scalable sourcing model for long-term growth
